## [TEAM MAISHA MISSION TRIP GUIDE]

**maisha**  
PROJECT

# Team Maisha

Thank you for your desire to come alongside us as we reach out to strengthen the villages and orphaned children in Kenya. Our volunteers who serve on missions teams are known as "Team Maisha." This guide will help you maximize your experience on your journey to Kenya.

## WHO IS MAISHA?

**Maisha means LIFE in Swahili and that's precisely what we bring to the orphans and widows of Kenya.** By giving Maisha's founder Beatrice Williamson a scholarship for education, Anna Lanson began a legacy of hope. Anna gave Beatrice a chance to succeed in life and tell her story. Our mission is to transform lives and empower communities by providing lasting solutions to address poverty, hunger, disease and under-education.

**Maisha is committed to bringing hope to the hopeless and light to the darkness.** Through our programs, Maisha serves children from newborns to teens, feeds children daily, provides sponsorships for educations, brings home-based care to people living with HIV/AIDS, hosts economic empowerment training and facilitates community development projects. Thousands of lives have been impacted and set on course for a bright future. As we equip and train our staff and volunteers, they are able to create brighter futures for each person we serve. Maisha allows you the chance to put your passion into action.

## WHO AND WHERE WE SERVE

Maisha is in the southwest corner of Kenya in the village of Kadiju, an area more commonly referred to as Kano due to its location on the Kano plains. It is situated about 20 minutes by vehicle outside of Kenya's third largest city Kisumu. Kisumu lies on the shores of Lake Victoria, Africa's largest and the world's second largest freshwater lake.

The rural area of Maisha, for the most part, lacks modern conveniences like running water and electricity. The main source of transportation is on foot or bicycle. The area is home to the Luo tribe. Most of their homes and facilities are primitively made from clay bricks, concrete, tin roofs and grass. Much of the land in the village is used for farming and raising animals.

The Maisha Center, the first facility of its kind in Kadiju, is the hub of activity in the village and surrounding areas. The center operates through solar power and houses the feeding project, sewing center and computer center. We also host bible studies, youth rallies, classes and economic empowerment activities in the center. Outside sits the bore hole which is always a busy location for drawing fresh water.

Women farm the land with assistance from children and raise extended households of orphans due to the HIV/AIDS epidemic. As a result, over two-thirds of the village's population is children. An entire generation has been lost to the ravages of disease, leaving the land and its people devastated. By placing children in Maisha households they become a part of a family unit and home. They are given the opportunity for education, safety of a home, a warm meal and the love of a house parent.

Despite the harsh circumstances, the people contain abundant joy. They sing songs, dance and laugh often. You will be welcomed with open arms, warm embraces and meaningful handshakes.

## HOW WE SERVE

Each mission is packed with work projects, spiritual training and relationship building time with the children and families we serve. The projects are designed to improve their facilities, programs, living conditions and spiritual life. Each mission group has its own unique gifts and areas of expertise to meet Maisha's goals and live out our vision to bring hope to the hopeless and light to the darkness.

## WHO CAN SERVE

Everyone is welcome to serve on Team Maisha. Individuals, youth groups, women's groups, church groups and families have all served on short term missions at Maisha. Lengths of service can be arranged from one week to three months.

Maisha has partnered with SHARP to provide you the training necessary to effectively engage in short term missions, transition afterwards and continue serving once you return. Participation in pre and post mission training sessions is mandatory.

If you are interested in serving on Team Maisha, please make application early as teams fill up quickly and space is limited.

## ACCOMMODATIONS

Upon arrival in Nairobi, your bags will be gathered in a central area to be carried by a member of the Maisha staff by bus to Kisumu (due to weight restrictions on Kenya airlines). Please keep your carry on bag and backpack with you to transport by air. If your flight arrives at night, the group will be taken by van or bus to a Maisha approved facility in the city. Early the following morning you will be transferred to the airport to fly to Kisumu, Kenya. Once there, you will be taken to St. Anna's Guest House, a secure gated facility where you will share assigned rooms of 2 or 3 occupants. Your bags will arrive by the time you do or shortly after. There is a community room for daily debriefings and group time. In the dining hall, a full breakfast consisting of eggs, choice of meat, fruits and toast is served buffet style daily. Most lunches are taken in the field and dinners will be served at the guest house. Your choice of one bottle of clean drinking water or soda will be provided at each meal and one bottle of water is supplied in your guest room each day at St. Anna's for brushing your teeth, taking medicine, etc. Please make sure to use only sealed bottled water and use straws with glass bottles. You may purchase additional bottles of water/soda or items off the guest house menu, but are responsible for paying for them at time of purchase, no room charges please. Granola bars or travel-friendly snacks may be brought in your checked luggage. Many people find "American" snacks comforting to their tummies as they transition to food in Kenya.

There are showers, flush style toilets, mosquito nets, and fans in all rooms. Housekeeping comes daily to make beds, clean bathrooms and restock bottled water and toilet paper; towels are replaced after several days so please hang for reuse. Laundry service is available for your personal items for an additional cost. Valuables may be stored in the safe – this should be coordinated by the group leader. Extra money, laptops, passports, etc. should be stored in the safe and removed as you need them. At the end of your stay in Kisumu, the group leader will collect tips to distribute to the service personnel at St. Anna's and your drivers. Tips are not required, but are recommended for their excellent service.

## TRAVEL DOCUMENTS, MONEY, AND SECURITY

- Passport - You MUST have a passport with at least 6 months to expiration and Kenya visa to travel. It may take up to six weeks to get a passport. A Kenya Single Entry visa is also required which must be obtained in advance (\$50). Carry all travel documents and cash in a safe place on your person.
- We suggest you carry a minimum of \$200 cash for airport meals, extra drinks/food, tips, souvenir shopping and extra bag/overweight fees.
- We can exchange 2010 and newer bills in good condition with no tears in \$50 and \$100 increments. Smaller bills and traveler's checks are not accepted.
- Credit/Debit cards may be used. Be aware of precautions associated with international use.
- Contact your bank/credit card companies to notify them of your travels plans.
- Insurance and frequent flyer cards are good to carry as well.
- Security - While in Kenya you will travel by bus or vehicle driven by Maisha staff or hired driver. Your housing in Nairobi and Kisumu will also be secure 24 hours a day with guards. We take precautions by traveling as a group and not letting group members venture off alone. Please do not bring nice jewelry or watches for your safety in public.

## COMMUNICATIONS AND ELECTRONICS

- Communication to the U.S. is limited. No news is good news! Mission participants may bring their cell phone, but fees may be excessive and service is not guaranteed – check with your provider.
- You may also bring a laptop with wireless connection for updates. We encourage you to submit journal entry blogs as your trip progresses. A wireless connection at St. Anna's is available for a fee or at Maisha during free time, but not always reliable.
- We recommend bringing a still and/or video camera. All media will be compiled at the end of each trip and may be used by Maisha and shared with other mission participants.
- Electrical outlets are British Type G BS 1363. To plug in, you will need a travel plug adapter and electrical adaptor for electronics rated below 220-240 volts AC (indicated on back of plug or online).

## HEALTH AND VACCINATIONS

- Consult your doctor for international travel and immunization guidance. Recommended vaccinations for Kenya are Hepatitis A & B, Typhoid, Yellow Fever, Polio, Rabies, Measles, mumps, rubella and Tetanus-diphtheria which are best obtained at your local health department or travel clinic. Antimalarial medication (may be purchased beforehand or in Kenya) and antidiarrheals are also recommended. It is essential to stay hydrated with water during your trip.
- If you have a medical condition, please consult your doctor before traveling.

## PERSONAL PACKING LIST

- Current Passport, 2 extra passport photos
- Extra Spending Money - \$200 suggested
- 2 Large Suitcases or Duffels (50 lb max per bag) - one for personal gear and the other for donated supplies. Excess baggage fee may apply. Place a copy of passport inside ALL personal bags.
- 1 carry-on bag as well as a backpack or purse are allowed, must meet airline specifications.
- Clothes - Please keep safety and modesty in mind as you pack. For cultural consideration, no short shorts or tank tops should be worn. Clothes and shoes may be ruined during work projects. Make sure to pack 1-2 days change of clothes and underwear in your carryon and wear something comfortable for the long flights. Many like to pack clothing they can leave at Maisha.
  - Shirts and pants* - easy to wash, lightweight, quick dry is best
  - Comfortable shoes/sandals* - closed toe durable sole a must for walking/working projects
  - Sleepwear* - Lightweight long sleeve shirt and long pajama bottoms for evenings
  - Sun gear* - Hat/visor, bandanas or scarves (great when wet and wrapped around neck)
  - Rain gear* - Sweatshirt, jacket and rain gear (can get cold & rainy in evenings)
  - Church* - One nicer outfit for church, decent length skirt or trousers for ladies acceptable
  - Socks and underwear*
- Health - Traveler's immunization card and malaria tablets. Prescription medication must be in original container. Anti-diarrheal, Ibuprofen, Aspirin (fever reducer), and a travel sized first aid kit.
- Personal toiletries including hand sanitizer, wet wipes, toothbrush/paste, lip balm and insect repellent. Limit to only necessary non-scented hygiene products.
- Bible, journal, notebook, pens (the children love to write in your notebook).
- Camera, memory cards/sticks, battery chargers, plug/electrical adapters – a power strip is recommended if you need to charge multiple items like camera, phone, laptop, etc.
- Flashlight and extra batteries.
- Watch/Alarm Clock – even if you don't wear one at home you'll need one here, an inexpensive watch makes a great gift you can leave behind.
- Earplugs for light sleepers.
- Travel friendly snacks like hard candy, granola bars, beef jerky, etc.
- We will provide a list of needed goods for group members to collect donations prior to travel. Bring your second bag to the packing party to distribute, pack and weigh. Plan to return with goods in your second bag as well. Maisha will collect contents at post-trip meeting.

Make sure they fill in the field to direct donation to your First & Last Name Mission Trip. They may also mail a check to The Maisha Project, PO Box 570, Oklahoma City, OK 73101. Once again make sure they designate your First & Last Name Mission Trip on memo line of check.

Maisha T-Shirts and Maisha Market hand-crafted goods may be available for use as fundraisers. Have your group leader contact us for more information.

## MISSION TRAINING

TRAINING BY

SERVING HOLISTICALLY  
AND REDEFINING PURPOSE

With intentional preparation and honest introspection, short term missions have the potential to redefine how you operate in life, not just abroad, but in your home and community. The Maisha Project has partnered with SHARP mission training to provide the content, space and time to prepare you for your trip to Maisha and continue on mission after you return.

Group members are required to participate in 2 pre-trip sessions and 1 post-trip session. Pre-trip training focuses on preparing hearts for serving at Maisha as a learner, in humility and submission to the Lord and what He is doing in His Kingdom. Post-trip training focuses on processing the trip and discussing how to continue serving with those who are marginalized and oppressed in Oklahoma.

A PROGRAM OF

## PRE-TRIP TRAINING SESSIONS

### Session 1: A Guest in a Friend's Home

3 months before departure

In this session we will look at the mission trip to Kenya and Maisha from the perspective of a guest in a friend's home. We will discuss and challenge our natural tendencies when traveling abroad and when working with a mission organization. We will present practical ways in which we can be gracious guests so that respect, love and friendship can be highlighted during the time in Kenya and at Maisha.

### Session 2: A Disciple in God's Kingdom

2 weeks before departure

God is already working at Maisha. When we go to Kenya we are not taking the gospel to a place void of God's Kingdom, we are simply joining Him in what He is already doing in the hearts of people. In order to go in the correct posture, we will discuss expectations that we may have when thinking of our time at Maisha. We will address what our true purpose in missions is and what our reward will be. We will also briefly discuss how to process the time at Maisha and the return home.

@SHARPOKC

## POST-TRIP TRAINING SESSIONS

### Session 3:

1-3 weeks after return

#### Re-Entry and Remembering

During this time we will share struggles and joys from the time at Maisha and return home. This will be a safe environment where we can honestly share our emotions and encourage one another. There will be time devoted to processing what we learned at Maisha and how it will shape us going forward. Tools will be given to team members to start conversations at home about the trip.

#### Continuing on Mission

Here we will discuss practical ways to transfer what was done at Maisha into every day and every place. We will address the questions: What does a full-time missionary really look like? Where in my community and in Oklahoma can I actively serve, defend and know the marginalized? How can I locally and globally serve? How do I continue what began at Maisha?

For mission training questions, contact SHARP Director Laura Ahern [laura@thesperoproject.com](mailto:laura@thesperoproject.com). Remember, these sessions are mandatory. Your group leader will inform you of other group specific training sessions.

# Kenya Fact Sheet

**Languages:** English (official), Kiswahili (official), numerous indigenous languages

**Population:** 45,925,301; birth rate: 26.4/1000; infant mortality rate: 52.29/1000; life expectancy: 63.77; density per sq km: 66

**Capital and largest city:** Nairobi, 3.375 million

**Monetary unit:** Kenyan shilling

**Climate:** varies from tropical along coast to arid in interior

## GEOGRAPHY & CLIMATE

Kenya is located along the equator in east Africa just below the "horn." It's bordered by the Indian Ocean on the southeast, Tanzania on the south, Uganda on the west, Sudan on the northwest, Ethiopia on the north and Somalia on the northeast. Maisha is located in the southwest corner by Lake Victoria.

Resting on the equator, the climate is tropical and humid, creating a beautiful landscape. There are two rainy seasons; the long rains in April and May and the short rains in November and December. The hottest periods are from January to March and August to November. The coldest months are in July and the beginning of August. Average temperatures in Kenya range from 50° F to 95° F.

## LANGUAGE

Swahili is the national language of Kenya. English is taught as a primary language in the larger cities, but tribal languages are spoken in the rural areas. In the region where Maisha is located they speak Dholuo, the language of the Luo people, the third most populous ethnic group. The language is so melodious that other Kenyans find it fascinating to listen to and refer to it as the mother tongue.

## DON'T FORGET ITEMS

- Keep passport & visa on your person and photocopy copies and place in carry-on luggage
- Keep medication in your carry on bag
- Spending Cash
- Parent Consent Form for Minors
- Copy of your Itinerary with Airline Rewards Number
- To call your bank/credit cards to report all travel locations/dates, including layover cities

## LOST BAGGAGE REPORTING

- Know what items are in each of your bags to be able to give a good description of the items missing. You will also be required to describe items to verify ownership upon return.
- When you check your luggage at departure and again upon return you will receive a luggage claim ticket attached to your air ticket stub. Your luggage will be checked through each way to your final destination. This ticket is important – you must have this to track your luggage should it get lost.
